

GENERAL INFORMATION

Please note that projects do not need to be fully completed to submit their Final Project Status and Accounting Report. This status and accounting report should be submitted soon after the funds have been spent. If desired, additional project progress can be added at a later date to enhance the potential for additional funding from IFPOC partners. Therefore, extension requests may not be necessary if the funds are able to be spent within the time originally allocated to the project. Please take this into account while determining the amount of time required for your extension request.

IFPOC COMMITTEE FAQs - FOR PROJECT LEADS

Have you previously asked for/been granted an extension for this project? Please specify dates and length of time.

How much funding were you granted for this project, and how much has been spent to date?

With the additional time, how will the workplan or workflow change?

If the approach of the project has shifted as a result of these stoppages, what impact will this have on the original goals for the project?

Did you alert your GO administration when you realized the project was not on track and were changes made to the project as a result of the consultation?

Have you sought assistance from the GO, your organization or other colleagues to meet the challenges which delayed your project?

Are there any extenuating circumstances that the Committee should be aware of?
